Completed - Test - Certified Scrum Master (CSM) Test - FirstAttempt

You are finished taking the following test:

Name Certified Scrum Master (CSM) Test - FirstAttempt

Thank you for completing the Certified ScrumMaster® test. Congratulations on a job well done – you passed!

Now return to your SCRUM ALLIANCE® profile at [www.scrumalliance.org](http://www.scrumalliance.org) to accept the License Agreement, complete your membership contact information, print your Certified ScrumMaster® certificate, and complete your public profile. You can return to these test details at any time through a link next to your test score in your profile. This information is kept private for you.

Your certification is valid for two years. You will then need to renew by meeting recertification guidelines.

Your SCRUM ALLIANCE® profile can be kept public to market your new certification and skills or can be made private. To manage these settings, access your dashboard by logging into your account and clicking on the link located at the top right corner of the screen. Then choose the settings that best meet your career and community needs.

If you have any questions or issues, contact us at [support@scrumalliance.org](mailto:support@scrumalliance.org)

Score PASS  
26 points scored (or 74.3%) out of 35 maximum points  
(a score of 66.0% or greater is needed to pass this test)

--	--------------	--------------

**Choose the best answer.**

- |   |                                     |   |   |   |
|---|-------------------------------------|---|---|---|
|   | A) <input type="radio"/>            | Outlines traceability back to overall corporate governance in IT investment | 0 | 0 |
|   | B) <input type="radio"/>            | Provides a complete breakdown structure of the ROI formula                  | 0 | 0 |
| ✖ | C) <input checked="" type="radio"/> | Features a detailed overview that enlightens and inspires                   | 0 | 0 |
| — | D) <input type="radio"/>            | Describes why the project is pursued and the product desired end state      | 1 | 0 |

Incorrect: Your answer is incorrect. 0 points.

**The Following Answer Is Incorrect**

Features a detailed overview that enlightens and inspires

<b>16) The Agile Manifesto says that "[we] value responding to change over following a plan." Which of the following statements best illustrates this?</b>	<b>Value</b>	<b>Score</b>
--	--------------	--------------

**Choose the best answer.**

- |   |                                     |   |   |   |
|---|-------------------------------------|---|---|---|
|   | A) <input type="radio"/>            | Changes are accepted only if other Product Backlog Items are removed from the Product Backlog so that a fixed end-date is maintained. | 0 | 0 |
|   | B) <input type="radio"/>            | Changes are accepted up until about halfway through the project, then all changes are deferred to a future release.                   | 0 | 0 |
| — | C) <input type="radio"/>            | Changes are accepted at any time at the discretion of the Product Owner.  | 1 | 0 |
| ✖ | D) <input checked="" type="radio"/> | Changes are accepted up until the point that the first Sprint begins. Then, changes are deferred to a future release.                 | 0 | 0 |

Incorrect: Your answer is incorrect. 0 points.

**The Following Answer Is Incorrect**

Changes are accepted up until the point that the first Sprint begins. Then, changes are deferred to a future release.

<b>19) What is the MAXIMUM recommended length for the Sprint?</b>	<b>Value</b>	<b>Score</b>
---	--------------	--------------

**Choose the best answer.**

- |   |   |   |   |
|---|---|---|---|
| — | A) <input type="radio"/> 30 days  | 1 | 0 |
|   | B) <input type="radio"/> 60 days  | 0 | 0 |
|   | C) <input type="radio"/> 90 days  | 0 | 0 |
| ✗ | D) <input checked="" type="radio"/> As long as is needed to deliver a potentially shippable product increment | 0 | 0 |

Incorrect: Your answer is incorrect. 0 points.

**The Following Answer Is Incorrect**

As long as is needed to deliver a potentially shippable product increment

**33) How does the Agile Manifesto address planning?**

**Value    Score**

**Choose the best answer.**

- |   |   |   |   |
|---|---|---|---|
| ✗ | A) <input checked="" type="radio"/> Planning is not required in an agile project, as the project is focused on current status.          | 0 | 0 |
| — | B) <input type="radio"/> Responding to change is more important than following a plan   | 1 | 0 |
|   | C) <input type="radio"/> Upfront planning and design is an integral stage before development can begin.                                 | 0 | 0 |
|   | D) <input type="radio"/> Sign-off on the detail of Product Backlog items is mandatory before any item can be planned into an iteration. | 0 | 0 |

Incorrect: Your answer is incorrect. 0 points.

**The Following Answer Is Incorrect**

Planning is not required in an agile project, as the project is focused on current status.

**PASS**
